

Secondary Bibliography of Scholarly Literature and Conferences on Florovsky

MATTHEW BAKER - NIKOLAOS ASPROULIS*

In this section, attempt has been made by the authors to present an exhaustive list of secondary literature treating Florovsky's life and work, including PhD dissertations, Masters theses, full-length monographs, essays, and articles in a wide variety of languages. Unpublished conference papers and presentations have also been listed. This collection represents the cumulative fruit of numerous years of bibliographical searching. At that same time, most especially with the conference papers, acknowledgment must be made of the gracious help of the following scholars and friends: *Prof. Pavel Pavlov* Theological School of Sofia University "Saint Kliment Ohridski", Bulgaria, *Prof. Stoyan Tanev* at the South Denmark University, *Prof. (Emeritus) A. Blane* of Russian History at the City University – New York and secretary of the Andrei Sakharov Foundation and *Prof. Alexis Klimoff* at the Vassar University. In addition, we have included as an appendix a brief chronology and description of symposia and conferences dedicated to Florovsky.
